Your Dream Home presents a Stunning Detached Single-Storey Villa with Panoramic Sea Views and Guest Accommodation

Set in an enviable position with an open outlook across Tindaya towards the sea, this beautifully positioned detached, single-storey villa offers a rare combination of privacy, space, spectacular views and flexible accommodation.

The property provides approximately 166m^2 of living space on a generous 1,356m^2 plot, with the main house comprising three bedrooms and two bathrooms, including a spacious master bedroom with ensuite. In addition, there is a separate guest studio with its own bathroom and kitchenette, making this an ideal property for visiting family and friends, independent guests, or potential additional seasonal rental accommodation.

At the heart of the home is a superb open-plan lounge and kitchen with both gas and electric, featuring large windows that make the most of the property's uninterrupted outlook across Tindaya to the sea. The views and natural light give this space a wonderful sense of openness and connection with the surrounding landscape.

Sliding doors from the living area lead into a charming internal open courtyard, creating an additional outdoor living space. The courtyard includes a large storeroom and a covered terrace currently furnished with tables and chairs. The owners also currently have a demountable swimming pool installed in this area, providing a fantastic space for relaxing and entertaining.

On the opposite side of the living area, further sliding doors open onto a private terrace with outstanding sea views. This is undoubtedly one of the property's most special features — an exceptional place to sit back, enjoy the spectacular west-coast outlook and watch the sun set over the Atlantic.

A long hallway leads to two further bedrooms and the family bathroom, followed by the master bedroom with its ensuite bathroom. The master bedroom also benefits from sliding doors opening directly onto the internal courtyard.

The property offers some additional flexibility, too. A small storeroom incorporating a false wall could be opened up to re-connect with the guest accommodation, creating further possibilities for the new owner.

Outside, the extensive garden surrounds the villa and features mature trees, established cacti and plenty of outdoor space, together with private parking for two or three cars. The property is accessed through sliding electric gates, adding both convenience and security.

The current plans also include provision for a swimming pool, a double garage and wooden pergola, offering the opportunity for a future owner to further enhance the outdoor spaces, subject to the relevant permissions and approvals.
