A plot of land with an approved plan for the construction of a gas station is offered. This section is located on the main highway of the country (Am Trakia).

It has a front part with a length of 150 meters.

There is also a nearby adjacent identical plot of 10,000 sq.m at the same price.

Geographically located 30 km from the city of Burgas in the direction of the capital Sofia.

A full package of documents has been approved for the construction of the gas station. It has an approved way entrance.

The total area of the plot is 10,000 sq. m .

All communications are within easy reach. Currently, the construction of the Burgas-Varna bypass road is underway, and due to the fact that there is not a single gas station on this segment, this proposal is very relevant! The price of land in this area will only increase in the near future!

A great investment!
