An extended and restored farm house that is approx. 2.5km from the town centre of Salsomaggiore Terme, the house benefits from fantastic views across the valley and of the alps and the town below, but is also a very private spot. The house is well set back from the road (this is a panoramic road used by people enjoying a walk with a view) and entered by an electric gate and intercom system/camera and a tree lined drive. There is a park/garden surrounding the house with many specimen trees and shrubs, olive trees, vegetable plot, fruit trees, grapevines, gazebo, wood burning oven, beautiful newly built swimming pool, a pond and two out buildings. Outbuilding one could easily be converted into one or two apartments, affronting the pool. This could produce an income. Outbuilding two is currently used for storage but would make a great pool house if converted. Both buildings have power.
