Beschreibung:

A Short Distance from Valderrama & Almenara Golf Courses.

This project is located in an elevated position in one of the most sought after streets in Sotogrande, just a few minutes' drive to the popular marina area and polo club of the same name. From the finished property there will be open views of the countryside and coast beyond.

The plot lends itself well for a 3 storey house with garage under-build from street level and two main living areas above to maximise the lay of the land and the views available from this site.

This high end residential area is well established as a peaceful neighbourhood and is considered an affluent area for local residents and second home owners who are keen on the quiet
