#### Beschreibung:

Sue Cox Inmobiliaria is pleased to offer For Sale this charming Finca set within the valley behind the village of Tabayesco.

This property was built over 40 years ago on a large rustic plot of 11,000m<sup>2</sup> which stretches from the access gates up the mountain. The land was originally used to grow fruit trees and vegetables.

The property itself comprises four multi-use rooms and a bathroom. There is also an outhouse with two small rooms for storage. The property could easily be converted into a lovely rural retreat.

This property needs to be viewed to really appreciate its charm and potential.

Being a rural property and accessed from a dirt road, it does not have mains water and electricity. The solution to this would be to install solar panels (the outhouse would be a perfect place for the batteries) and have the water delivered and stored in the water tank.

\*Please note that due to the age of this property and the fact it was built before licensing existed it does require registering correctly in the property registry of Spain.
