Farm for sale located in Macas Dona Maria, Alvaiazere, Central Portugal, with 6 bedrooms, 2 WCs, garage, garden and 6.000m2 of land with many fruit trees and dripping watering system.

Having the mountains all around, this farm is in a flat area, next to the road to Tomar and Coimbra and 5 minutes away from the A13 highway.

Dating back from 1943, this family farm was built and maintained until today, and it's ready to continue its production, of fruit (apples, pears, plums, cherries, kiwi, figs), olive oil, and wine. Two wells and a borehole provide the water for the dripping watering system. A channel made by the owners conducts the stream that flows from the mountain and crosses the land.

The main house built with large stone walls is divided by two floors. The first floor can be accessed either by exterior steps or an interior staircase. The older ceilings, floorings, and doors are made of wood, are well preserved and looking great. The lower floorings are more recent and made of tiles. All the windows are double glazed.
