Property type: House

Lot size: 2396 m²

House size: 100 m²

Garage: yes

Built around: 1942

Bedrooms: 3

House with a lot of space, but also a lot of work.

The house is built of stone and offers you many opportunities. In the house now 3 rooms and the kitchen space. Next to the house is a very large barn which you can convert into a guest house or a beautiful place for a covered terrace, garage, storage, etc.

Electricity is in the house and water is already present on the plot. There is a septic tank for drainage. Internet and telephone can be connected.

Potony is a village with less than 300 inhabitants. It is located 4 km from the river Drava. There is a small shop for groceries but no further shops. To do some shopping, go to Selly, Barcs or Szigetvár. All this at 15-20 km and there all possibilities, but also to eat out, have a drink on a terrace or relax in a (thermal) swimming pool. For golf enthusiasts it is good to know that the international course of Hencse is 30 km away.

This is a challenging project with many opportunities.
