## OPPORTUNITY FOR INVESTMENT

This hotel plot seems opportune because Cape Verde has been demanded, as a tourism destination, by its geographical location, easy access by air, political and social stability, bathing beaches and climatic conditions, branded mainly by its aridity and sunshine throughout the year. In this context, the islands have the potential for tourism development, particularly those with international airport, as it is the case of São Vicente.

In fact, the cape-Verdean islands with good air accessibility and essential public facilities have attracted important hotel chains, which are already operating in the country or are preparing to do so. The most important of them are:

- \* RIU Hotels & Resorts
- \* Meliã Hotels International
- \* TUI Magic Life
- \* IBEROSTAR Hotels & Resorts
- \* Royal Decameron
- \* Hilton Hotels and Resorts
- \* Radisson Blue Hotel
- \* Pestana Hotel Group

There are also regular international tourist excursions passing through Mindelo, as well as tourist excursions to the neighbouring island of Santo Antão, considered by renowned magazines as one of the 10 most beautiful mountain island in the world.
