Beschreibung:

T2 apartment with high quality finishes, designed by the architect Samuel Torres de Carvalho with all the high-end features, its two suites, a south-facing terrace, a SMEG equipped kitchen and its bathrooms designed for the comfort of its inhabitants.

The high-quality materials, oak parquet flooring, custom-made joinery, LED illuminations, heated towel rails and integrated reversible air conditioning system, as well as the high acoustic and thermal standards make this apartment a unique and safe product.

The building in which it is located was completely renovated in 2022, offering a construction guarantee until July 2026. Located in the historic district of Santa Catarina, 2 minutes walk from the Adamastor viewpoint and 5 minutes from Chiado, nestled in a cul-de-sac reserved for residents, quiet and secluded, parallel to the Calçada do Combro, a true haven of peace in the heart of Lisbon. Ideal for living or investing in a luxury property, this apartment combines historic charm with modernity.

Key features
