Residential complex located in Valdebebas, a privileged and constantly evolving location that has grown significantly in recent years thanks to its excellent connections with the city center.

A project designed with the highest quality standards, whose architecture is destined to become the main attraction of Valdebebas. A unique project consisting of 91 apartments with two and three bedrooms with terraces, designed to live in maximum comfort.

Main characteristics: A project in which style and comfort coexist on more than 2,000 m² of green areas and various leisure areas, forming a residential complex with all the amenities.

This is a residential building designed to improve efficiency with low energy consumption, which promotes rational use of energy, while taking care of the environment, quality and climatic comfort in the home.

Common areas: In the Valdebebas garden there is a selection of the best common areas and services created as unique spaces: relaxation areas, swimming pool and solarium, gym, social area, children's

playground.

The common areas have been designed in two unique areas where you can enjoy nature and a variety of activities.

The complex offers apartments with 2 and 3 bedrooms from 85 sq.m. The cost of the most economical option is 582,00 euros.

Completion date is the end of 2025.
