Large building land for sale in the village of Rusalya, Veliko Tarnovo region. This building land is definitely for people who love and appreciate nature. It is surrounded by water on 3 sides. That is, it borders two rivers, one is the Negovanka river, the other is the river

from the Musina cave. The place itself is a forest with huge trees wrapped in ivy, with small green meadows covered with flowers and trickling water. It creates a feeling that you are far away in nature, greenery, water, birds, sun, silence and solitude, complete peace and relaxation. The site is on 2 levels, each about 3 acres, flat and level. The drop from one level to the other is about 2 meters with a steep step between the two. On the first level there is a naturally formed lake, about 90 meters long and 15 wide, which is currently dry, can be made much larger. Electricity and water are available on the street (There are currently no water and electricity lots). A fish farm for trout and sturgeon can be developed in the place. A simple house can be built with a large garden, various fruit trees, flowers and a beautiful private lake with water lilies, reeds and other.
