Beschreibung:

New offplan development. Located in Real de la Quinta, bordering a UNESCO Biosphere reserve and just 15 mins from Marbella, Vista Lago has breathtaking views of the Mediterranean, Gibraltar and the coast of Africa. Each of the 18 individually designed villas will be quite unlike anything that has gone before. The additional offer of UDesign custom designed furniture and world-leading brands along with a stunning selection of artwork makes a Vista Lago home something to be truly proud of. This concept is central to the design of each villa, with the lounge and terrace seamlessly merging into one expansive living space. In key parts of the villas the windows disappear into the walls, framing the undisturbed, panoramic views of the natural surroundings. Villa No2 sits on a corner south-east facing plot that has fabulous views overlooking Marbella. The carefully thought-out orientation of the villa ensures uninterrupted sea views and complete privacy. The villa has a large pool and generous terraces, making the most of the fabulous Marbella climate. In key parts of the villa the windows disappear into the walls, framing the undisturbed, panoramic views of the idyllic natural surroundings. There are four spacious ensuite bedrooms, with the Master Suite enjoying its own private terrace. Built over three floors with the entrance and communal living areas on the first floor and the bedrooms on the ground floor, this is a magnificent family home. Building for today without endangering tomorrow is a core value of the project, which is in the process of BREEAM certification. The design enhancements brought by this assessment result in sustainable homes that enhance the well-being of the people who live in them, help protect natural resources and make for a more attractive property investment.
