Bosque Tropic Village Espavel #65 is a serene 4-bedroom villa nestled in a lush jungle valley within the prestigious Pacifico community in Playas del Coco, Costa Rica. Surrounded by towering trees, the rustling of leaves, distant monkey calls, and birdsong create a peaceful rhythm that defines everyday life here. This home is more than just a residence—it's a sanctuary immersed in the natural beauty and stillness of the Costa Rican jungle.

Set on a pristine mountain-view lot, Espavel #65 features a private pool and spacious outdoor living,

designed to blend seamlessly with its surroundings. Modern tropical architecture meets organic elegance: black-framed windows and doors invite natural light while offering uninterrupted views of the forest, and wood accents throughout the home echo the textures of the land.
