Discover Giralda: A Private Estate in Portugal's Alentejo

Welcome to Giralda, a magnificent small estate offering an unparalleled sense of tranquility and privacy in the heart of Portugal's Alentejo region. Tucked away in the stunning Guadiana Natural Park, this property is a hidden gem, located just minutes from the historic villages of Mertola and Serpa. The estate's secluded setting, 600 meters from the main road, ensures almost total privacy, while its impressive 38,000 square meters (9.5 acres) of land provides a truly exceptional rural experience.

Giralda is far more than a single home; it's a complete lifestyle estate. It features a spacious main house of 317 square meters and a separate, almost new timber-framed cottage of 70 square meters. The

property is a testament to sustainable and self-sufficient living, boasting its own lake and an extensive orchard of over 200 fruit and nut trees. From peaches and apricots to oranges, lemons, and even figs and almonds, the land is a cornucopia of produce. A greenhouse and raised beds for vegetables, herbs, and pineapples further enhance the property's self-sufficiency, making it a true agricultural oasis.

A Main House of Unrivalled Elegance

The main house, a sprawling 317-square-meter residence, is a masterpiece of design and comfort. The large lounge features a traditional Portuguese vaulted ceiling, creating a sense of grandeur and space. A cozy wood-burner fire and hot/cold air conditioning ensure comfort in any season. Two double-glazed patio doors with internal shutters lead out onto a covered terrace, seamlessly blending indoor and outdoor living.

The newly refurbished kitchen and dining room is a chef's dream, with its stunning Oxford blue doors and wooden worktops. A large ceramic double butler sink and a versatile hob with both ceramic gas and induction rings provide everything you need for culinary excellence. The kitchen opens into a beautiful orangery, a bright and airy space with a lounging area and off-white and blue floor tiles. The main house also includes a large pantry, a laundry room, and a small bathroom.

The bedrooms are designed for ultimate comfort and privacy. A long hallway with electric heating leads to a shared bathroom for two large guest bedrooms. The master suite is a luxurious retreat, featuring a large bedroom, a dressing room, and a reading room with patio doors leading to a private garden. The modern en-suite shower room is equipped with high-end fixtures, including a double wash hand basin and a large walk-in shower with a Hans Grohe rain shower head. The entire house is fully insulated, double-glazed, and fitted with fly screens, ensuring a comfortable and secure environment.

The Gîte: A Perfect Guest House or Rental

A short distance from the main gates lies the almost new, two-bedroom, two-bathroom cottage. At 70 square meters, this timber-framed home offers incredible, far-reaching country views over the lake and landscape. It features an open-plan lounge, kitchen, and dining area, complete with a fridge freezer, dishwasher, washing machine, and a large outside deck. The cottage is fully furnished and ready for immediate use, making it an ideal space for guests, extended family, or a profitable holiday rental business (subject to license). Its proximity to the new Circuito do Sol racing circuit, just 20 minutes away, makes it a prime location for racing enthusiasts.

Modern Self-Sufficiency and Abundant Amenities

Giralda is a beacon of modern, sustainable living. Connected to the main electrical grid, the property is nearly self-sufficient, thanks to 24 solar panels and 12 batteries controlled by a state-of-the-art Victron system. Water is supplied by the property's own bore hole, which draws from a large artesian basin that has never run dry, even in the driest years. This water is fed into a 4,000-liter underground tank, ensuring a reliable supply.

The outdoor spaces are meticulously designed for relaxation and entertainment. A massive terraced area,

tilled with non-slip terracotta ceramics, features a large LED-lit heated swimming pool, perfect for year-round enjoyment. Two covered terraces and a large open terrace with an a BBQ and entertainment area provide ample space for hosting. The impressive grounds include a carport for four vehicles and an electronic gate with a video entrance system, providing security and a grand entrance. For those interested in acquiring the equipment to maintain the estate, a mid-sized tractor, a one-ton excavator, and other agricultural tools are available by separate negotiation, as are several high-end vehicles.
