WELL for each house

(*) The DPE (energy report) rating, for the main house, is a "D" (170 kWh per m² per year) and the new method of evaluation was used. The report states that the annual energy costs are between 1,990€ and 2,730€. The rating for the gîte is also a "D" (213kWh per m² per year), the annual energy costs being between 2,110€ and 2,900€, though for a gîte this may be less relevant.

These particulars are believed to be correct but their accuracy is not guaranteed nor do they form part of any contract.

Price includes agency fees of 5%, payable by the buyer. Price before fees : 390 476 €

FURTHER INFORMATION

The price includes the agency commission and excludes notaire fees. The aim of SMJ Immobilier is to provide as much accurate and detailed information about each property as reasonably possible. Each property is researched in detail. We aim to give you complete and factual information so that you don't visit properties with bad surprises. We don't want to waste your time, the owners' time or our own time! If you would like to see more pictures we will be happy to send you the necessary internet links to download slideshows showing the property in more detail, the immediate surroundings (including the neighbours, if there are any), the hamlet or village and the town (if it is nearby). If there is any specific information you may require which is not shown, please ask and we shall do our best to give you the answers. Other houses for sale can be seen by clicking on 'SMJ Immobilier' at the top of this page.
