Located in Junqueira, one of the capital's most privileged areas, this property boasts contemporary architecture that carefully reflects the local surroundings and history.

The project is an urban residential enterprise with lots of charm. It consists of two blocks in a single volume, two underground parking levels, and five floors of housing. It includes 24 different types of flats, from T0 to T6 +1. The ground floor features a gym and a communal garden exclusively for residents' use. The top floors are reserved for five penthouses (duplexes).

The flats feature comfortable interiors with high-quality finishes, creating a serene and bright atmosphere. Each unit has a private car park, bicycle parking, and pre-installation for charging electric vehicles.

The modern and functional apartments offer serene, well-lit environments that convey a constant feeling of well-being. Common spaces, such as kitchens and rooms, feature carefully selected equipment and finishes, along with various balconies that let in plenty of light and offer great views. The exterior space includes a garden area, providing a peaceful atmosphere.
