Beschreibung:

The Oasis Residence is a one-of-a-kind dual-villa luxury estate located in Senderos, Tamarindo's most prestigious gated community. Built in 2022/2023, the property features 7 bedrooms, 6 full and 2 half bathrooms, two private pools, and high-end finishes throughout. Designed to offer privacy, comfort, and elegance, this residence is ideal for families or investors seeking a premium retreat with strong rental income potential, just minutes from the beach and town center.

Discover The Oasis Residence, a dual-villa masterpiece that captures the essence of refined tropical living in the heart of Senderos, Tamarindo's premier gated community. Blending contemporary design with natural harmony, this estate offers the perfect combination of privacy, modern luxury, and investment opportunity.

Built between 2022 and 2023, the property features seven bedrooms, six full bathrooms, and two half bathrooms distributed across two villas—Villa Oasis Grande and Villa Oasis—each with its own private pool and distinct ambiance. The residences span a combined 380 m2 of living space on a lushly landscaped property designed for relaxation and enjoyment.

Villa Oasis Grande, the main home, features an open-plan living and dining area with French doors opening to a spacious covered terrace and pool deck. Three elegant en-suite bedrooms enjoy direct pool access, while a separate wing hosts two additional bedrooms with a shared bath and private patios. Thoughtful touches such as an outdoor rain shower and half-bath provide convenience and comfort for beach days and entertaining.

Villa Oasis, the second home, overlooks a tranquil lake and reflects a refined 'tropical chic' aesthetic. The villa includes two beautifully appointed en-suite bedrooms, a cozy living space with a fully equipped kitchen, a queen-size sofa bed, and a 55' 4K Smart TV. The thatched outdoor terrace and private pool create a serene environment perfect for relaxation or hosting guests.

Every detail of The Oasis Residence speaks to comfort and quality. Each bedroom is equipped with a king-size bed, air conditioning, blackout curtains, and a TV, ensuring every guest enjoys a restful stay. The home's construction uses a galvanized steel frame for long-term durability, while interiors curated by a French designer highlight a seamless balance of elegance and function. Beautiful murals by Nicaraguan artist Jose Martinez add personality and artistic flair.

Beyond its aesthetic appeal, the estate integrates practical elements such as high-speed fiber-optic internet (200 Mbps), a private parking area, and an advanced irrigation system that maintains lush tropical landscaping year-round.

The Oasis Residence also presents an exceptional investment opportunity, operating as a proven high-income rental property with excellent returns. Its layout allows for flexible use—live in one villa and rent the other, or lease both for premium short-term stays.

Located within Senderos, residents enjoy 24/7 gated security, paved roads, and close proximity to Tamarindo's beaches, restaurants, boutiques, and nightlife. Whether as a private retreat or an income-generating investment, The Oasis Residence embodies luxury, tranquility, and timeless design in one of Costa Rica's most desirable coastal communities.
