Beschreibung:	
Located in Snagov.	

### Excellence Through Experience!

## Acquisition Proposal – Premium Residential Waterfront Community with Hospitality Potential

We propose the acquisition of an exclusive waterfront residential community, conceived as a fully integrated **premium lifestyle project**, with **strong potential for conversion and operation as a luxury hotel or boutique resort**, located in the **northern area of the capital**.

The development is designed as a **low-density, high-end community**, addressing a sophisticated clientele that values privacy, contemporary architecture, direct water access, and top-tier services.

## Project Structure

The complex comprises:

- **21 individual villas**
- **153 rooms**
- **122 bedrooms**, organized into multiple unit typologies
- Additional **attic spaces**, suitable for storage or technical functions
- **24 private boat berths**, located at the complex's exclusive marina

The current configuration allows for **private residential use**, as well as **unitary operation in a luxury hotel or aparthotel format**.

---

## Architecture and Living Concept

The project stands out through a **coherent contemporary architectural concept**, defined by clean lines and well-balanced volumes. The villas are positioned to maximize:

- **Waterfront views**
- **Privacy for each unit**
- **Easy access to promenades, pontoons, and shared amenities**

Terraces, balconies, and private gardens create a natural transition between indoor and outdoor spaces,

---

offering a living or hospitality experience focused on **relaxation and exclusivity**.

---

## Finishes and Construction Quality

The buildings are executed with a strong emphasis on **durability, comfort, and premium aesthetics**, including:

- **Solid reinforced concrete structure** and high-performance masonry
- **Efficient thermal insulation systems**
- **High-quality joinery and expansive glazed surfaces**
- **Premium interior finishes**, adaptable to both residential and hospitality standards

The materials and construction solutions ensure **efficient maintenance and long-term operational sustainability**.

---

## Amenities, Sustainability, and Technology

The complex integrates modern systems that support both residential comfort and efficient hospitality operations:

- **Underfloor heating** and advanced climate control systems
- **Energy-efficient solutions**, including photovoltaic panels
-

---

**Security systems**, access control, and video intercom

- 

Infrastructure prepared for **centralized utilities and property management**

These features align the project with the requirements of a **luxury hotel or exclusive resort**.

---

## Private Marina and Waterfront Facilities

A key differentiating feature is the **private marina**, which includes:

- 

A **dedicated pontoon exclusively for the complex**

- 

**24 private docking spaces for boats**

- 

Direct water access for recreational activities, nautical tourism, or premium guest services

This component significantly enhances the value of both the residential offering and the hospitality operation scenario.

---

## Hospitality Operation Potential – Luxury Hotel / Boutique Resort

Given its layout, location, and amenities, the property presents a strong opportunity for:

- 

A **luxury hotel** in the northern area of the capital

- 

A **waterfront boutique resort**

•  
A **mixed-use concept**: residential ownership combined with premium short- or medium-term rentals

The number of units and bedrooms, marina facilities, and natural setting allow for the creation of a **distinctive hospitality product**, targeting high-end leisure, corporate clientele, or private events.

---

## Conclusion

This property represents a **rare acquisition opportunity**: a fully developed, architecturally unified complex with premium infrastructure and multiple usage scenarios—private residential, investment-driven, or hospitality-focused.

The unique combination of **waterfront location, exclusivity, accessibility, and operational flexibility** positions this project as a highly attractive asset for investors seeking **long-term value creation in premium real estate and hospitality**.
