Sitting on approximately 10,000 square feet of land, this 4 bed, 4.5 bath villa is just over 4,500 square feet and features clean lines and open spaces. The living, dining, kitchen and study area are on the ground floor, flowing easily and featuring an open staircase leading to the upper level. Large sliding glass doors open onto an enclosed garden with pool. Here there is a spacious covered lounging and entertaining area. The ground floor also features one of the four bedroom suites which has french doors leading on to the pool deck.

On the upper level there are three spacious rooms, including the primary bathroom which offers a double vanity and large, walk-in rain shower. The upper terrace, accessed from both the primary suite and from the landing, is presently setup as a gym but it is the perfect spot to soak up the sun, entertain and enjoy spectacular sunsets.

The galley style kitchen is well appointed and features granite counter tops and high end appliances. A powder room offers convenience for visitors and there is a large laundry/utility room on the ground floor which leads on to a drying yard. In addition, there is a double car garage as well as ample parking on the paved driveway for at least 3 cars.
