### Beschreibung:

**PIRAEUS | MANIATIKA – GOLDEN VISA PROPERTY WITH DEVELOPMENT POTENTIAL**

This is not just a house.  
It is upside. It is positioning. It is opportunity.

Located in Maniatika, one of the most up-and-coming residential areas of Piraeus, this renovated ground-floor residence of 79 sq.m. offers immediate usability combined with strong long-term development potential.

The property features a bright living area, fully equipped kitchen, one bathroom, an additional WC, and three bedrooms, providing flexibility for personal use, rental income, or mixed-use living. It is offered fully furnished and equipped with air conditioning, ready for immediate occupancy or investment use. A basement storage space of 33.85 sq.m. adds further practicality.

Set on a 113.88 sq.m. plot with a building factor of 3, the property allows a total buildable area of approximately 341.64 sq.m. With only part of this capacity currently utilized, there is a remaining building potential of περίπου 263 sq.m., creating a clear opportunity for expansion or full redevelopment.

A key advantage is the officially approved conversion from commercial to residential use, allowing the

---

property to qualify for Golden Visa, significantly increasing its appeal to international investors.

The property benefits from a south orientation and includes a private garden, offering a sense of openness within an urban environment.

Strategically located:

500 m from the sea

500 m from the port

600 m from the metro station

50 m from a park

100 m from a bus stop

750 m from JUMBO

Surrounded by cafés, bakeries, supermarkets, schools, and retail shops, the area supports both daily living and strong rental demand.

This is a rare combination of immediate income potential, Golden Visa eligibility, and significant remaining build capacity — ideal for end-users and investors who understand value creation.

Serious inquiries only.
