Beschreibung:

Located in a privileged natural setting, at the foot of the mountains and just a short distance from the village centre of Hondón de los Frailes, this former winery is a large-scale and highly distinctive property with significant development potential.;

The estate sits on an approximate 10,300 m² plot and includes a built area of around 1,900 m², originally used for traditional wine production, forming part of the agricultural and industrial heritage of the area.;

This is a rare real estate asset, combining substantial built volume, generous land size and a strategic rural location, well connected to nearby towns and essential services.;

The property offers multiple redevelopment possibilities, from exclusive residential projects to mixed-use concepts or rural tourism initiatives, always subject to planning regulations.;

Its main value lies in the combination of scale, location and versatility, in a natural environment with growing demand from international buyers seeking unique transformation opportunities.
