### Beschreibung:

Urban land for construction of a 3 bedroom villa, located in the center of the city of Faro, in a central and highly valued area, highly sought after both for own housing and for investment.

It is located a few minutes' walk from Largo do Carmo, benefiting from easy pedestrian access to all kinds of commerce, services, schools, restaurants and transport.

The land had a project approved in 2022 for a 3 bedroom villa with swimming pool and is available for acquisition on a turnkey basis. In this modality, the buyer will be able to choose the project and may even opt for the previously approved project, leaving the entire management of the process to the seller, from the articulation with the competent entities to the execution of the work.

All bureaucracies and the construction of the house are ensured by the seller, and the sale value is presented with the house fully completed and ready to move in.

An excellent opportunity for those looking for comfort, a privileged location and tranquility throughout the construction process.
