Beschreibung:

Situated in a peaceful valley just 3 kilometers north of Ubud's center, this beautiful 2-bedroom infinity pool villa offers one of the most attractive investment prospects in Bali's flourishing wellness and luxury short-term rental sector. Located only a few meters from the famous Pyramids of Chi — a top wellness and sound healing destination in Ubud — the property combines natural beauty, spiritual energy, and strong rental appeal. Occupying 300 m² of land with 110 m² of carefully planned living space, the villa includes two fully ensuite bedrooms, three bathrooms, and an extra storage room, providing both comfort and functionality for guests seeking an immersive jungle retreat.

The highlight of the villa is its stunning infinity pool, which overlooks uninterrupted views of the dense jungle canopy and a meandering river valley below — a vista that attracts bookings and earns excellent five-star reviews. Fully furnished, impeccably maintained, and ready for immediate occupancy, every aspect has been designed to offer a superior guest experience from the start. The villa's high level of privacy makes it especially desirable for couples, honeymooners, and wellness travelers willing to pay premium rates for tranquility and seclusion.

For investors, this is a genuine turn-key opportunity. The villa is fully operational with a proven history of strong nightly income, removing the usual risks and delays associated with new property investments. Its position within Ubud's rapidly expanding wellness corridor — home to yoga retreats, healing centers, and spiritual tourism — guarantees steady demand throughout the year from a high-spending, experience-focused clientele. Whether you seek a high-return short-term rental property or a private haven that also

generates income, this villa satisfies both needs. Opportunities that combine prime location, lifestyle appeal, and financial performance are becoming increasingly scarce in today's Bali market.
