Beschreibung:

This lovely 4-bedroom country home, situated in the village of Loubille, has an excellent energy rating (DPE) of C thanks to the heat pump, which supplies the radiators, solar panels for hot water, double glazing, and insulation works carried out. You can equally enjoy a cosy evening beside the wood burner in the living room, or the second wood burner in the dining room. The three bedrooms in the main part of the house are all generously sized, and the bedroom suite above the garage with its private bathroom is perfect for guests.

The garage has direct access to dining room 1. There is also a lean-to next to the garage with space to park a camping-car, as well as a detached workshop with the mezzanine, perfect for those keen on DIY or as a storage space.

Outside, the enclosed garden has a lovely terrace where you can spend a relaxing moment with friends and family.

With no renovation works required, and the added bonus of being connected to mains drains, this property is ideal for a family or even as a second home.

Book a viewing with us today!
