Attention developers and investors. This is a rare opportunity to acquire a strategically located 0.46-acre Neighbourhood Commercial density property in the heart of George Town, comprising two income-producing apartment buildings at 37 and 47 Maple Road. Positioned just 1,200 feet from the landmark ONE GT ultra-luxury high-rise development and approximately 1,000 feet from the proposed ELDEMIRE high-rise project on Boilers Road, this property sits within one of Grand Cayman's most rapidly evolving urban corridors. The site also backs directly onto Doctors Hospital, further enhancing its long-term redevelopment potential. The property consists of two separate two-storey apartment buildings totaling approximately 8,550 square feet of gross external area and providing ten rental units. Both buildings are fully occupied and currently generate well in excess of CI\$180,000 in annual net income, while rental rates remain below current market levels, offering significant upside potential.
