For sale: A 8,200 sq.m. plot of land located within the settlement boundaries. it is fully enclosed with a concrete fence and iron posts with 2-meter-high wire mesh. The property includes a well with sufficient water supply that irrigates the entire plot through open channels, as well as an automatic drip irrigation system. There are also two tanks for fertilization of the crops.

The plot has two entrances—one at each end—measuring 4 and 6 meters in width, connected by a 2-meter-wide concrete pathway running across the property. it is cultivated with olive trees, cherry trees, and three acres (approx. 3,000 sq.m.) of kiwifruit.

The property is conveniently located just 500 meters from the sea and 150 meters from the main Volos-Argalasti road. it is connected to electricity, mains water, and telephone line.

Both its location and its attractive price make it an ideal investment opportunity.
