This wonderful property, Eagles Nest, set on one of the most important streets in Olvera, has it all - a rare find of a garage in the oldest streets in the village. On entry there is a staircase to the first floor living, with kitchen area, a large dining room, a separate sitting room with windows on both sides offering lots of light, and original wooden windows to both aspects, with a balcony window off the sitting room overlooking the street below, up to the next floor there is a large bedrooms, storage room and a bathroom. Up to the top with gorgeous views towards the Church and Castle also lovely views of the mountain range towards Ronda and Grazalema.

We feel the Eagles Nest house would need some upgrades, the bathroom could do with a facelift, The kitchen is small and would be wonderful to open up the wall into the dining room to make a kitchen diner offer much more space of the currently wasted space of the walkway, all easy renovation - we have builders on hand and happy to help with any renovation no matter how big or small, since listing the property there is more work to be done there is water coming through the ceiling but nothing that can't be fixed., please see the updated video below.
