Περιγραφή:

Stelida Naxos, Seaside villas of exceptional architecture and designed by Desypri & Misiaris Architecture firm, are available for sale, with an area from 165 to 180 sq.m. The villas will be built on a sloping plot that ends on the rocky shore. The absolute calm of the area is interrupted only by the sound of the waves hitting the rocks, while in the afternoon magnificent sunsets make the unique scenery even more idyllic. Each villa consists of a large living room, a dining room, a kitchen, 2-3 bedrooms, 2 bathrooms and 2 W / C.

In the outdoor area, which has been created in front of each house, there are living rooms with pergola, outdoor dining area and a kitchen while large infinity pools dominate the area. The unobstructed view of the sea and the neighboring island of Paros is unique.
