Περιγραφή:

A modern, loft-style office building/business headquarter is for sale. It is a three-storey, 298 m<sup>2</sup> independent courtyard building. Fully renovated, modernized and rebuilt, panoramic property. Ideal for 10-20 people SME, start-up company headquarters, investors. The building is owned by my company and can be occupied immediately.

800 meters from the Danube, in a quiet, noise-free neighborhood, in a tree-lined street with little traffic, yet 200 meters from Váci út.

Everything can be found within a few hundred meters: small and large stores for shopping, kindergarten, schools, pharmacy, doctor, mayor's office, sports facilities, gas station, car service. Street parking is free, Újpest center and Újpest City Gate are easily accessible.

Our company bought the building as our own headquarters, but due to the growing need for space for our business activities, we outgrew it already during the renovation phase.

The building can be used for rental purposes in one or two parts. Middle level can be accessed via a decorative iron staircase outdoor or through internal staircase from the ground level. The top level can be reached from the middle level via the staircase. The property can be used separately: each level is accessible, lockable, and has separate meters.

The IT system and the premises can be used for a variety of business purposes. The property can even be used as apartments on each level: 2 kitchens, 2 showers, 3 toilets, 2 meeting rooms are also available.

---

A 100 m2 square-paved courtyard for the exclusive use of 4-5 cars. Two parking spaces with IP-protected power plugs for charging electric cars.

With a power of 3x32A, the low- and high-current cables are designed in such a way that many workstations on all levels can be supplied with electricity and Internet, so there is no need for subsequent wiring, extensions, or cable ducts.

MultiAlarm security system with 0-24 hour patrol service.
