This is a pioneering and ecological project located in Lisbon. The project offers a mix of 7 apartments and 13 eco-chalets, including studios, one- and two-bedroom apartments and one-bedroom duplex eco-chalets. The project emphasizes green living for the 21st century, with a commitment to reducing resource consumption and using locally sourced, environmentally friendly building materials.

The project also includes an infinity pool and a lounge area with superb views, providing residents with a comfortable and relaxing living experience. It is more than a development project; is a statement about the importance of sustainable living in today's world.

With a privileged location, it connects the city to any point in Portugal and Spain, within a few hours, but also within a short distance of Lisbon International Airport and access to the main highways.

Today it is a neighborhood located at the top of one of Lisbon's hills, 110 meters above sea level. This makes it one of the city's great viewpoints. Here you can live a peaceful life, in a very well located area, with good social facilities, a good public transport network, schools and supermarkets. This neighborhood is known for its sustainable development and has a lot of tradition

Whether you're passing through, on summer vacation or starting a new life, here you'll always be close to home.
