Περιγραφή:	

Attention horse lovers: this agriturismo not only has several engine rooms and stables for your animals, but also approx. 3.2 hectares of farmland bordering a river, making it a true paradise for your four-legged friends!

Of course, this property has much more to offer, as it is situated in an absolutely secluded location and consists of a total of 5 buildings, of which the main house, built in 1930, and the villa, built in 1991, stand out. Each of the buildings has been renovated over the years and is therefore in excellent condition, so there is absolutely nothing to prevent the immediate continuation of the room rental business, also because the current owners have built up a loyal clientele over the years. Both the furnishings and the agricultural machinery can be taken over by the new owners.

The property is located just 30 minutes from the cute harbor town of San Vincenzo - so this property is perfect for you if you want to live in a quiet inland location without having to forego the benefits of the sea.
