A two-storey apartment on the first floor is for sale in a smaller residential building with only 6 residential units, covering an area of 77.49 m².

The apartment consists of an entrance hall, spacious living room, kitchen, dining room, two bedrooms, bathroom, and a terrace.

The apartment is heated and cooled via an air conditioning unit, and there is also an option to use a pellet or wood stove.

The apartment comes with one parking space.

The micro-location is attractive since the building is situated on a quiet street, within walking distance from the sea and beaches.

The process of property subdivision is in the final phase, and there may be minimal variations in the apartment's square footage.
