The city of Pomorie on the southern coast of Bulgaria is famous, first of all, for its mud baths. People come here throughout the year to improve their health - to cure joints, diseases of the spine, to improve immunity. Even the sand on the beach has a characteristic dark color, since it contains those very healing particles. In terms of infrastructure development, this is the next city after Burgas - large supermarkets, small shops, a hospital, medical offices of specialized doctors work all year round. Various entertainment venues, coffee shops, bakeries, restaurants and pastry shops also do not close for the winter. There is a school and several kindergartens in the city. Bus service is well-developed not only with Bulgaria, but also with Turkey.
