Περιγραφή:

Warehouse for sale in urban area with private plot. The warehouse has an office and a separate storage area. With prior authorization from the Town Hall, you can convert part of it into housing on the urban side. The parcel being sold consists of two parts: one is urban and the other is non-urban. You have two independent entrances (one of them equipped with motor and remote control). There is sufficient power supply available for businesses that require this requirement. If necessary, an exterior loading dock could be created by the new buyer on the parcel. The interior height of the warehouse is reasonable for logistics, commercial businesses,...etc. Come see it and secure your space to work under good conditions.
