Περιγραφή:	

This three storey townhouse is situated in Alcaudete, in the Jaen province of Andalusia, Spain, located by a church, the best bakery in town and a new, charming little plant-filled square with marble benches and fountains. Easter processions come down this street so there is a bird's eye view of all the parades as well as church and castle views. Enter the front door into the (almost finished) tiled living room which leads into another room off which are the stairs and access to the kitchen with an open fireplace, this needs finishing off. Out the back door is a washing sink, the bathroom and a good sized patio with another large room at the end with tiled floor and 1 metre wide open fireplace to use as a living room with open kitchen or an extra bedroom. Upstairs there is a landing with the door to the terrace, 1 bedroom and further stairs to the 2nd, biggest bedroom with castle views. A charming property to finish off modernising, there's also the possibility of purchasing the plot of land next door which would add a lovely lot of outside space.
