This spacious apartment, located on the first floor of a well-maintained residential building with a total of five floors, spans an impressive 101.00 m² and represents an ideal retreat for those seeking a combination of luxury, comfort, and an unparalleled location. The apartment was meticulously designed and fully renovated in 2020, honoring its original construction year (1965) with contemporary details and top-tier equipment. The interior is charming, warm, and exceptionally functional, conceived to provide maximum comfort. A key characteristic of the apartment is the abundance of natural light that streams through the windows, thanks to its favorable southwest orientation, creating an airy and pleasant ambiance in every corner. The layout of the space is optimal and intelligently utilized. The apartment consists of three spacious bedrooms, one of which features its own elegantly appointed bathroom, offering privacy and convenience. An additional shared bathroom, equipped with modern fixtures, is available for other residents and guests. This apartment offers exceptional outdoor spaces, with two balconies, a loggia, and a terrace, which is a true rarity and advantage. The balconies and terrace offer enchanting sea views, providing a perfect spot for morning coffee, relaxing while watching the sunset, or simply enjoying the fresh Mediterranean air. The terrace is spacious enough

to accommodate outdoor furniture, ideal for al fresco dining or intimate gatherings under the open sky, while the loggia provides a more sheltered corner for relaxation, even during gentle breezes. These outdoor areas, along with the north, south, and west orientation, ensure airiness and light throughout the day, regardless of the season.
