The house needs major repairs. There are mounted new wooden beams on the ceilings in 2012. The house is on mud floors.

There are traditional heating units with chimneys in each room.

The village is very well maintained, there are community center, post office, shops and other foreigners living all year around. Very close to the Romanian border

as well as the big town of Silistra. Sitovo Municipality is very well organized for its small size and population which is self-determined in majority as Bulgarians. Next to the natural bird forest reserve “Srebarna” – the biggest in Bulgaria. It’s a corner property on an asphalt road. Can be found where the solar units are. It can be bought on pay monthly
