Περιγραφή:

Charming 3-bedroom house in a hamlet between Champagne-Mouton and Confolens. The first floor is divided into two parts, allowing more privacy on either side. The living rooms are large and bright, each with its own wood-burning stove to keep you warm on long winter nights. The sunny courtyard offers space to manage a small garden and enjoy outside dining and reading etc. There are three extra plots in the hamlet close by. These plots are ideal for a variety of agricultural activities. An attractive house that has retained its old character, perfect for a first purchase or as a second home. The property can be sold furnished which would make it an ideal AirBandB property for income generation.
