Περιγραφή:	Apartment complex under construction in Jávea

This small-scale project, consisting of only 9 apartments, is currently being built in a prime location for those who like to live within walking distance of all amenities. The building is located on the edge of the historic centre of Jávea, just 1 km from the beach and the harbour.

There are 6 apartments still available: three apartments with a private garden and three apartments on the first floor.

All apartments have an entrance hall, a spacious living-dining room with open kitchen and cooking island, a laundry room, three double bedrooms and two bathrooms.

The apartments on the first floor also have three to four terraces.

The complex offers a communal swimming pool with sunbathing area.

Optionally, a parking space in the underground garage can be purchased for €12,000 and a storage room for €5,000.

Completion is scheduled for summer 2026 (subject to change).

Be quick, because availability is limited and prices are indicative and subject to change. More information available on request.
