NEK HA TULUM

Each property has been meticulously designed and built to the highest standards using natural and durable materials. We focus on investing in durability with a vision for the future
a vision for the future which means you will be able to enjoy your home for generations.

HUMAN DEVELOPMENT Its organic spaces allow for the healthy development of its inhabitants.

MORE SPACE FOR YOUR THINGS The space in your home is intelligently distributed to fit all your things.

BEYOND THE HOUSE Nek Ha's impact goes beyond the property thanks to its organic waste management systems.

Living in Well Designed Spaces

Nek Ha is a celebration of the utopian vision of living in nature with the convenience of modern living all while adopting a more conscious mindset.

TWO BEDROOMS Distributed on the second floor with modular carpentry and balcony.
FULL BATHROOMS The bathrooms have enough space for you to carry out your activities comfortably.
AREAS Even wider spaces given its double height kitchen breakfast area dining room and living room. All with a bathroom for your visitors.
HOUSEHOLD TASKS An integral laundry area and two storage rooms were integrated to satisfy your daily needs.
BACKUP POWER Power bank for your Wifi router and smartphone charging during power outages.

Design that Promotes a Life of Wellness

Each home at Nek Ha is a cocoon of life designed to evolve with its inhabitants in tune with the natural environment of the jungle.

Building with Natural Materials in the Space Age

Our mission is to continue innovating to meet the region's housing demand reducing our industrial footprint through research and development of technologies applied to construction.

Become the light

Receive natural light from all directions. The huge light inlets ensure that your house remains fully illuminated regardless of the weather conditions. In addition thanks to the double height the environment feels cooler reducing the need for AC.

Full Electric
Instantaneous water heater
Electric induction stove

Anticyclone
Aluminum gate
Line 1000 with anti cyclonic glass
5mm 5 mm with polyvinyl glass

Extra Security
Zero Gas

Biodome
Technology that keeps interiors illuminated for most of the day reducing energy consumption.
