Discover a Unique Opportunity: 1,671m² Agricultural Land in Vilarinho - Aveiro.

This agricultural land in Vilarinho (Cacia, Aveiro) offers an excellent opportunity for investors or agricultural enthusiasts.

With an area of 1,671m² and approximately 16m of street frontage (and 105m of depth), this land provides ample space for developing agricultural or horticultural projects. It can be seen as a good investment, as it is expected to be included in the PDM's residential area in the medium term!

Located in a beautiful and peaceful rural area, it has the privilege of being very close to the Ria de Aveiro, and simultaneously very close to Cacia and the city center of Aveiro. Currently, the PDM (Municipal Master Plan) does not classify it as a construction zone, with the corresponding area (Type 3) just a few meters away, both to the north and south. Therefore, it is anticipated that a single-family home could be built on this fantastic lot in the near future.

Other features:

- The lot is already connected to the electricity and drinking water networks, and is served by a paved road in good condition, providing the necessary convenience for any project.
- Due to its sunny exposure, this lot receives a good amount of sunlight throughout the day, favouring the growth of plants and crops. If construction is permitted, it will have excellent sun exposure, with the front

facing west and the back facing east.

The natural and tranquil environment adds a touch of serenity to this space, allowing you to enjoy nature in all its splendour.

In terms of amenities, this agricultural land offers a blank canvas for any project you desire, from creating a landscaped garden to a sustainable farming space. With the possibility of creating your own vegetable garden, orchard, or green space, the options are vast and stimulating.

If you're looking for a spacious and versatile plot of land to unleash your creativity and love of nature, this agricultural land in Vilarinho is the perfect choice. Don't miss this unique opportunity to create your green haven, with an investment that can be significantly capitalized upon, with the eventual amendment of the Aveiro City Council's Master Plan.
