The building is located 50 meters from the beach of Ravda, on a quiet, calm street away from noisy establishments. Ravda is located next to the museum town of Nessebar, included in the UNESCO World Heritage List. A great place to live and relax - a promenade along the entire resort, clean beaches, a variety of cafes and restaurants, places to have fun with children. In the center of Ravda there is a

kindergarten, bus service to Burgas, Varna and nearby resorts. The year-round supermarkets Lidl, Janet are a couple of kilometers away. In terms of infrastructure, Ravda is not inferior to Sunny Beach, the only difference is that it is a more democratic resort. It is also more often chosen for a summer vacation by families with small children, pensioners and those who prefer quieter places for trips to the sea.
