LAND IN THE CENTER OF TRSAT

We offer one of the last building plots located in the very heart of Trsat - one of the most sought-after neighborhoods in Rijeka. The plot of land measuring 740 m² is located in a quiet, green environment, next to a one-way street, which ensures privacy and minimal traffic. The location represents an excellent opportunity to build a family house or a smaller residential building (2 APARTMENTS) in an environment with complete infrastructure - water, electricity and sewage are located next to the plot.

The plot is slightly sloping, with an open view of the greenery and the surroundings.
