Περιγραφή:	

We present this unique property in Arco do Carvalho, in Lisbon, with 65 m² of private gross area and a huge potential for transformation.

Currently used as a warehouse, the space is distinguished by its mezzanine, perfect for storage or to create a differentiated environment, even for the possibility of transforming itself into a contemporary loft or a multifunctional space.

Located in a building built before 1951, the property preserves the façade of old charm, typical of the area, giving it character and authenticity. It is, in fact, currently being requalified.

Located just a 5 to 10-minute walk from the Amoreiras Shopping Center, it benefits from a privileged location, close to services, commerce and urban life, but maintaining the tranquillity of a discreet street.

The property features a functional bathroom, making it immediately usable, and the mezzanine offers opportunities to maximise vertical space. Whether for your own use, as a warehouse attached to businesses in the area or for those who dream of an urban loft, this space offers... flexibility.

With an implementation area of 84 m² and a total gross private area of 336 m², there is room to explore creative architectural solutions.

This is an investment for those who see the potential in a prime area of Lisbon, close to everything the city offers... and that values both the location and the possibility of transforming the property into a unique and contemporary space.

Energy Rating: Exempt
