A unique investment opportunity offering a combination of energy efficiency, well-developed infrastructure, and excellent potential for residential or resort development.

A 5 MW photovoltaic power plant (4999 kWp) located just 3 km from the city of Ruse, in a peaceful and green setting ideal for both investment and comfortable living.

The land consists of two regulated plots (UPI) with residential building rights. The fenced and landscaped site already includes a restaurant, swimming pool, hotel facilities, utility building, sports areas, and a security apartment. All utilities — electricity, water, and security — are connected.

Technical specifications:

28 Siemens inverters

28 Siemens combiner boxes with short-circuit protection
