New project in beautiful Sant Elm New project with pool and garden, 100 meters from the sea In beautiful Sant Elm, just 100 meters from the sea, we now present a new apartment project with a total of 20 residences, expected to be completed by summer 2026.

The apartments range from 91 to 96 m²; and all offer three bedrooms and two fully equipped bathrooms. The modern kitchen features an open layout towards the living room, from which the terrace is accessed. Large panoramic windows and glass doors allow plenty of natural light.

The ground-floor apartments include private gardens of 11–58.5 m²; and terraces, while the top-floor apartments offer balconies and spacious roof terraces with sea views.

The project maintains a consistently high standard, with every detail carefully considered. Residents can enjoy two communal pools (one for children), beautiful shared gardens, private parking, just 100 meters from the sea.
