Located right in the historic center of Lagos, this 3-storey building could be the investment you were looking for.

With a commercial space on the ground floor, once operated as a restaurant, and 2 T3 apartments, autonomous units, one per floor, this building has 2 fronts, one facing East and the other facing West.

On the ground floor, Unit A, with a gross private area of 85.10 sq.m, is intended for commerce and services and consists currently of a dining room, kitchen, pantry, 2 sanitary facilities and a small outdoor space with 5.40 sq.m.

On the first floor, Unit B, with a gross private area of 117 sq.m, intended for housing, consists of 3 bedrooms, a living room and a connecting dining room, a kitchen and a bathroom. The apartment also has 2 balconies and access to a backyard for its exclusive use, with 38.50 sq.m at the back of the building. In this private outdoor space, there is also a large storage room of 22.30 sq.m, allocated to this unit.

On the second floor, Unit C, identical to the one below, in terms of layout and distribution, also having 2 balconies, one at the front and the other at the rear, has access to a terrace for exclusive use on the roof of

the building. There is a small storage room of 4.50 sq.m as an integral part of this unit, and another of 6 sq.m on the ground floor.

This building offering 3 autonomous units is an excellent investment to monetize, given its characteristics and privileged location. It needs full renovation or reconstruction but it does not lack potential.
