Location:	Zadarska županija, Poličnik, Murvica.

In a quiet part of Murvica Gornja, a building plot of regular shape with an area of 1,068 m² is for sale, ideal for building a family house or villa with a swimming pool.

The plot is located in an undeveloped part of the construction zone, measuring approximately 40 x 26 m, which allows for a very functional design of the future building.

Infrastructure and the first houses are located about 200 meters away, and the location offers peace and privacy with a quick connection to Zadar. Such regular and spacious plots in the hinterland of Zadar are rarely available on the market.

An excellent choice for investment due to the possibility of construction, resale, but also the opportunity for a peaceful, private, and happy life under the Dalmatian sun. Contact us, we are always available!
