### Περιγραφή:

Ornelas Legacy was born to assert itself as one of the most striking developments in Calheta, located in the coveted area of Estrela, recognized for its tranquility, continuous appreciation and quality of life. Signed by the prestigious Interpatium group, this project carries the seal of a developer with a proven track record of success, whose developments stand out for selling out quickly, as a result of the combination of exceptional locations, high quality construction and strong appreciation over time.

With work scheduled to start soon and completion estimated for the end of 2027, Ornelas Legacy will consist of 50 contemporary apartments, designed with an absolute focus on comfort, functionality and timeless aesthetics. The development offers sea views, communal pools, large garden areas and carefully integrated outdoor spaces, creating a serene, exclusive environment designed for those who value well-being and privacy.

Among the typologies available, we highlight this T2, sold fully furnished and equipped, all-inclusive and ready to move in. An ideal solution for those looking for a primary residence with superior quality or for

those who want a solid, safe and highly profitable investment, in one of the most sought-after areas of the island.

The combination of the prestige of the developer, the premium location of Estrela, the common areas of excellence and the turnkey concept makes Ornelas Legacy a truly rare opportunity in the current real estate market a project designed for those who know how to recognize value before it becomes scarce. -
