The villa in “Emelinas” is a detached residence located in the very heart of Jurmala, in the Majori district.

A rare opportunity to own property in the dune area, where the boundary of the territory seamlessly transitions into the golden beach of the Gulf of Riga.

The property is part of the “Emelinas” project, comprising three detached villas situated on a unified land plot of 4,000 m².

One of the villas within the project is offered for sale.

Key Features:

- Ceiling height — 3.28 m

-

Property Status:

The villas are offered at the construction stage:

This acquisition format allows full control over the future residence concept and optimization of finishing costs.
